priya.sharma@cynbit-demo.com | +91 98765 43210 | Bengaluru, India | linkedin.com/in/priyasharma-data

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with 3.5 years of experience delivering high-impact business insights, executive Tableau dashboards, and automated SQL reporting pipelines. Specialized in statistical modeling, cohort retention analysis, and large-scale tabular wrangling using Python and Pandas.

TECHNICAL SKILLS

SQL • Python • Tableau • Pandas • NumPy • Excel (Advanced / Power Query) • Data Visualization • Statistics • Power BI • A/B Testing • PostgreSQL • Git

PROFESSIONAL EXPERIENCE

Lead Business Data Analyst | FinMetrix Global *(2022 - Present)*

- Engineered interactive Tableau and Power BI executive dashboards monitoring $20M+ MRR across 12 product lines.
- Executed complex analytical SQL queries (window functions, CTEs) on PostgreSQL data warehouses to reduce customer churn by 14%.
- Developed automated Python and Pandas pipelines to replace manual weekly Excel reporting, saving 18 engineering hours weekly.

Junior Data Analyst | RetailPulse Insights *(2020 - 2022)*

- Conducted inferential statistical analysis and A/B testing evaluation for marketing campaign optimization.
- Created advanced Excel financial models utilizing Power Query, XLOOKUP, and dynamic sensitivity tables.
- Collaborated with cross-functional stakeholders to define core product KPIs and visual storytelling standards.

EDUCATION

B.Tech in Information Technology — National Institute of Technology, Karnataka (2016 - 2020)
